Quite easy to turn this already spacious and immaculate home into a full two storey home by further utilising the under house as extra living areas, either as part of the main home or as separate living quarters.

The upstairs showcases light filled interiors with an oversized lounge room opening out to a large balcony with leafy district outlook, separate dining, 3 generous bedrooms, quality renovated modern bathroom and kitchen and an internal laundry with second bathroom. Split system air conditioning and timber floorboards just add to the comfort of this home.

Whilst the downstairs already features a self-contained room with kitchenette and toilet that can be utilised as a rumpus/home office or 4th bedroom potential, plenty of storage and a double lock up garage.

An astounding location just a short stroll to William Lawson Park and the convenience of easy access to the M4 and M7 with great local attractions like ...
